CORONAVIRUS TESTING SCAM

COVID-19 testing should only be ordered by your treating physician. Never accept a test from someone:

- Who comes to your door;
- Who approaches you at the grocery store or other community venue, parking lot, etc.;
- Who calls you on the telephone offering a mail-in test in exchange for money or Medicare number;
- Who calls you to request your bank card or account information to pay for a test.

If someone comes knocking at your door with offers of medical testing, call your local police department. Do not let them in.

Contact the Massachusetts Senior Medicare Patrol (SMP) Program with questions and to report suspicious testing at 800-892-0890 or at www.MASMP.org.

Remember: Never give out your Medicare number to someone you don't know.
